

Hello Norse Nation!

We hope everyone has had a great week and are looking forward to a relaxing weekend! In the past communication piece, we stated that a decision would be made available today relative to our plan for the remainder of December for the Elementary Level students. After much discussion and continued information gathering, we have chosen to wait until Monday to make a final decision. We have been informed that more information from the Department of Health and Human Services, Governor's Office, local Health Department, and our local hospitals will be out this weekend and into Monday. We feel this information will be critical in assisting us in making an appropriate decision.

So, at this point, our Elementary School will remain in a Remote Learning Environment on Monday and Tuesday. A final decision for moving forward at the Elementary Level will be put out on Monday. Our Middle School/High School will remain in a Remote Learning Environment through January 4th.

We appreciate everyone's patience, support, trust, and Norse Pride as we move forward together as the Norse School Community.

Take care!

Dr. Babcock
Superintendent
