FOOD DISTRIBUTION PROGRAM UPDATE

Hello Norse Family!

This is an update on our students' access to food programs during the school shutdown period. Please note, coordinating our efforts with all of our families has been a priority since being notified of the pending shutdown. While we do not qualify for the Federal Summer Food Program, which is the basis for the other programs in the county, we have been actively coordinating with all other programs in our county. Our students live throughout the county and it has been our emphasis to assist our students in finding a food program closest to their housing. Also, please note, whether a student qualifies for the free and reduced lunch program or not – ALL are eligible for free food during the lockdown period. If you need assistance finding a convenient location for food, please contact the Superintendent's Office at 719-4100.
